

# Giddy Up

Cowboy Troy

Keep that liquor flowin  
We gonna rock this party all night  
I'm here with my cousin

And everybody is buzzin  
Gonna take a cab tonight

Giddy up!  
Shorty rocks in slow motion  
Lookin like a pro with the rodeo  
Giddy up! Put your hands up high  
Break it down low and shake it all up high  
Giddy up! No go, he goes  
With my girl I own the dance floor  
Tell the DJ to turn it up  
Cause we gonna party until the sun comes up

Take them down, pour it up  
Take them down, pour it up  
Drink them down all night

Hy, ladies!  
Heres what you'll find  
Hair and nails up in the line  
Got room on your credit card  
Cowboy boots and a pair of skinnies  
Pour me something to get my mind right  
Diddy, that will get you home  
Ja tu sabes mi hija  
You already know  
Shorty rocks in slow motion  
Lookin like a pro with the rodeo  
Back it up!...  
Fill it up!  
Shes thirsty  
Shot no 4 when you know is up  
Feel good on the bar  
Like that's my song

Keep that liquor flowin  
We gonna rock this party all night  
I'm here with my cousin  
And everybody is buzzin  
Gonna take a cab tonight

Giddy up!  
Shorty rocks in slow motion  
Lookin like a pro with the rodeo  
Giddy up! Put your hands up high  
Break it down low and shake it all up high  
Giddy up! No go, he goes  
With my girl I own the dance floor  
Tell the DJ to turn it up  
Cause we gonna party until the sun comes up

Pour them up  
Take them down

Take another round  
Drink them down all night  
Now we got the point elevate  
A good night and we celebrate  
... like were out on the show on your TV set  
Bad boys getting naughty  
Drink it all, it hurts  
A young dealer with a 80 stash  
Tryin to get a young kid by flashy cash  
Hey kitty cat, let me howl at you a little bit  
You're kind of cute, your body is my kind of thing  
Pack the lines out at the door

Keep that liquor flowin  
We gonna rock this party all night  
I'm here with my cousin  
And everybody is buzzin  
Gonna take a cab tonight

Giddy up!  
Shorty rocks in slow motion  
Lookin like a pro with the rodeo  
Giddy up! Put your hands up high  
Break it down low and shake it all up high  
Giddy up! No go, he goes  
With my girl I own the dance floor  
Tell the DJ to turn it up  
Cause we gonna party until the sun comes up

Pour it up, take them down  
Pour it up, drink it up all night
