

## Eureka! Funday!

**Cows**

Over all the bodies, over all the years  
You were always there, I was always here  
We've brushed off debris,  
Now everything is clear  
Now you are here, the doors are locked  
Eureka! Fun Day!  
When we are alone  
I am not a pet, you are not a whore  
And I'm not really bad, And you're not  
Really cold  
The doors are locked, Eureka! Fun Day!
