

Sugar Torch

Cows

Another ride - you got another place He's the one - yeah, he's
the mercy case Another face - you're getting in the car All the
world for one stinking bar You're a blank stare, a closed book
, a red light You're sugar torch

She's alone - just like when she came in She was yours - she co
uld be yours again Close your eyes and she's all over you No, y
ou made it up - just like you always do She's a black smear, a
flat line, a pack of lies She's sugar torch

You see your chance - you're slipping out the door You burned h
im down - like he burned you before The streets are wide - it's
good to breathe the air You've had enough - so why should you
care You're a blank stare, a closed book, a pack of lies You're
sugar torch
