

Dkbu (Interlude)

Cozz

I don't know 'bout you
But I keep a cup, sippin' my juice
Enjoyin' my youth, wild nigga's shoot
You could wear blue, you could be a blood
Holla "Su-Woo! ", yeah it's all love
Keep it neutral, look at my crew
Tell me y'all smoke, sippin' my juice
I'm just sippin' my juice, I don't know 'bout you

Say, what's up with the wackos, and the black hoes
And the hispanics and white bitches that like niggas
That like liquor, run like Swishers
Or wanna spend they whole nights with us
You should cruise if that shoe size fits ya
Go figure the effects on the longest life, overnight
I ain't lived a sober life since middle school, that's over, right
So you know the night gon' be filled with' that Coke and Sprite
But either way that soda purple or it's white
But Ma, I told you right, I only sip liquor and pass dope
And write lyrics that past dope
Cause we can't afford to rock Crooks and Castles
So we the crooks in your castles robbin' your dreams and your last hope
I smashed and dashed on your last ho, tryna trap me with her lasso
But nice guys finish last, so, I'ma be a dick or an asshole
Whichever you can handle, I'm down with the scandal

But I don't know 'bout you
Yeah, me and my niggas we about to get loose
Yeah, my nigga, I don't know 'bout you
Yeah, give the hoes a game cause them bitches gonna choose
And bitches gonna choose
My nigga, I don't know 'bout you
Yeah, me and my niggas we about to get loose
Yeah, bitch nigga, I don't know 'bout you
Shit, if you in my way, then it's mahfuck you, mahfuck you
Bitch nigga, I don't know 'bout you
