

Guiness

Cozz

I put my heart in it, it's all authentic
Been tending to these bars, I'm bartendin'
People claim they're on your side but heart's dark as Guiness
All you motherfuckers please stay up out my business
Fore's you niggas and you messy bitches please don't get me trippin'
Cause I stand tall for keeping my compsure
I feel like Martin Luther King is rolling over in his grave
Cause all these niggas shooting niggas over dollars, tryna get paid
So every day I live my life like it's a holiday
You never know, look how shit going, I might die today
Before I go I know I wanna make some minor changes
Let us take over, show you how to run the game, doubt him yes you may
Overlook him but you can never overcook 'em dog
I'm way too raw except for when I slay your broad, fool
I'm the tool that's gon' fix and glue the game if it breaks apart
Even if it takes too long I'mma get it in

Trust me on that shit, we want the culture
We want the culture so we takin' over
We want the culture, y'all don't know what to do with it
We takin' over you fuckin' posers, we want this
We want the culture, yeah we want the culture
We want the culture so we takin' over
We want the culture, you don't know what to do with it
We takin' over you fuckin' posers, we want this

We want the culture, we gonna coach ya
Cause we see the vultures and we be the poachers
Face on that poker so you never know what
We want when we show up, tie got me choked up
Straight business my persona while you mixing cans
Like a chola you on that Sprite and that Coke, huh
No Cola, I'm tryna pop and you on that soda
You on one, go ahead and pour up until you throw up
I'm on a mission while you're in the mission
Is it position, I ain't trippin'
There's a million shoes but only a few that you can fit in
Some niggas do it to fit in
But this life isn't fitted for niggas who spit for women
That woman wants your money, she do what she can to get it
Your stupid ass is wid it cause you caught up in her image
You do her just to say you did it
Let me show you how to really get it
Before I die nigga, I'mma get it in

Trust me on that shit, we want the culture
We want the culture so we takin' over
We want the culture, y'all don't know what to do with it
We takin' over you fuckin' posers, we want this
We want the culture, yeah we want the culture
We want the culture so we takin' over
We want the culture, you don't know what to do with it
We takin' over you fuckin' posers, we want this
