

Yeah

Now a days a nigga looking like a living blessing

I'm living better

Hoes getting clever better hide your wallet

Stash shit and watch it, got you a smash and its dash

But she got her hands in your bags

Causing weight loss to your pockets I guess

Nowadays I'm looking like a target, fuck a blessing I keep the bible  
by my side

Fuck me a tour dog I got me a ride, A die but I cannot trust

I'd slide inside I'm loving the lust

She loving it to but I cannot love, I'm in love with the music

You know why I do it, I do it for me, I do for the team

Committee Records yeah we breaking records

Yeah we getting reckless trying to get the cheddar

So sorry baby girl you coming second, I'm a legend

I made it up in the game they think that I'm shining they see my chains

They see what I drive when I'm switching lanes

They think that I got it but nothings changed

That honesty nigga ain't made a thing, they rob you and think you made  
some change

But that's how them killings they get arranged

So I watch my back when I'm in LA

So I stay lowkey fuck the police, fuck your bitch too

Cause you never know what they finna do when they mad nigga

Rob your ass then dash nigga

So I

I keep my Gs right by my side they keep they piece right in they ride  
It's been a long time finally up next its been a long line  
They hate on us cause they small time you kill one of us then they all

Living that bullshit yeah that's so for sure

They think I'm rich getting off the tour, I got a little something doing  
I ain't poor

Only a matter of time before that trigger pull, I wish a nigga would  
try to fuck with the boy

Got a whole lot of haters trying to fuck the boy

Don't know what he want when he look at the boy

I don't know boy that man could have that Glock right now

Boy could have that Glock right now

I keep my Gs right by my side they keep they piece right in they ride  
It's been a long time finally up next its been a long line
