Craft Spells

Let me guess, you'll say
It's bad timing, it's only right for me
But anyways
My heart awaits

This nights our song
I really like you, would you like to get away?
Let's get away

Let me guess, you'll say
The day I met you was a virtue, it was fate
My heart awaits

This nights our song
I really like you, would you like to get away?
Let's get away
