

On till dawn
If they catch us, then they catch us in the wrong
As you slept on the bedroom floor
How could a boy ever love you more?

Come on Sandy, he won't see us in the dark
Will you come with me? I'll hold your hand as we walk
Come on Sandy, he won't see us in the dark
Will you come with me? I'll hold your hand as we walk

On through dawn
If they catch us, then they catch us in the sun
A day without me and you
Is a task I can't simply do
Without you
Without you

Come on Sandy, he won't see us in the dark
Will you come with me? I'll hold your hand as we walk
Come on Sandy, he won't see us in the dark
Will you come with me? I'll hold your hand as we walk
