Craft Spells

You thought you saw the end in my eyes
I'm dying just to come around
I'm in the clouds wishing you would tell me what to do
It's hard for us to talk about it
Well honey, it just brings me down
I'm on the floor hoping you can tell me what to do
I don't know what to do
I don't know what to do

There goes all my silence
There goes all my faults
There's still a little heart in the things I tend to ignore
There goes all my silence
There goes all my faults
There's still a little heart in the things I can't ignore

You thought you saw the end in my eyes
I'm spinning and I can't come down
I'm in a twirl hoping you can tell me what to do
It's hard for us to talk about
Well honey, it just brings me down
I'm on the floor hoping you can tell me what to do
I don't know what to do
I don't know what to do

There goes all my silence
There goes all my faults
There's still a little heart in the things I tend to ignore
There goes all my silence
There goes all my faults
There's still a little heart in the things I tend to ignore
The things I can't ignore
