

Chillaxin'

Craig Campbell

I ain't had a day off in I don't know when
Thought I might go fishin', then I thought again
Hell I don't even want to have to reel one in

So I pulled my old truck down here in the shade
Spread my jacket out on the tailgate
I've been lying here just drifting away

[Chorus:]

Chillaxin' with my boot heels kicked up
Cat nappin' between beers and dips of snuff
It's a hell of a way to waste a whole day
No worries, no distractions
Layed on back beneath this ol' straw hat
Chillaxin'

Right now I feel like that old groundhog
Chewin' on a blade of grass underneath that log
Lettin' the world go by without a care at all

[Chorus:]

Chillaxin' with my boot heels kicked up
Cat nappin' between beers and dips of snuff
It's a hell of a way to waste a whole day
No worries, no distractions
Layed on back beneath this ol' straw hat
Chillaxin'

If this cooler full of Bud lasts the whole weekend
I'll be right here tomorrow to do it all again

[Chorus:]

Chillaxin'
Cat nappin'
It's a hell of a way to waste a whole day
No worries, no distractions
Layed on back beneath this ol' straw hat
Chillaxin'

Yeah it's a hell of a way to waste a whole day
No worries, no distractions
Layed on back beneath this ol' straw hat
Chillaxin'
Yeah chillaxin'
