

Emm & May

Craig Cardiff

What's the deal between Emm..
What's the deal between Emm and may?
Photos on the wall off center taken
I've got this headful of ideas
There's people drinking in the kitchen
Everybody's talking, nobody's listening
What's the deal between Emm
What's the deal between
What's the deal between emm
What's the deal between
What's the deal between Emm and may?
Shoplifted cola they held hands on the beach
They practiced kissing softly they practiced all week
He said 'she never brings you flowers...?'
She said 'but she gives me such a sweet weakness in the knees'
What's the deal between Emm
What's the deal between

What's the deal between Emm
What's the deal between
What's the deal between Emm and may?
Owen sound got folded down into sunrises and sunsets
I thought of you as I came through so you won't forget
What's the deal between Emm
What's the deal between Emm and may?
Ten tourists leave with their ten tourist luggage
Everybody hates everybody hates how they hold hands
How they're in love
What's the deal between Emm
What's the deal between
What's the deal between Emm
What's the deal between Emm and may
Emm and may
Emm and may
Emm and may
Emm and may
