You know I can be your drug  
Yes I'm addicted to you girl  
No matter when you got my word  
I might be there I might be good  
Something you really need to take care of  
Whatever thing you need I do

Girl you got me addicted, yeah  
By the way you put it on me tonight  
Vibe is so electric, yeah  
Let me so charge up your energy tonight  
I-I can't even hide it, no!  
Put my hands all over you that's fine  
I'm not gonna fight it  
When the feeling's good, you know you would

Girl come on deep it low, deep it to the floor  
Let me see your work like you're dancing on a poll  
Hoo let the booty shake, let the booty go  
Cause I'm so addicted so come on and see some more
