Let me begin, we ain't gotta pretend you ain't a ten
But I know the way I get, if I let you in, it's dangerous
There it is, feelin' up my skin it's happenin' again
Every time I feel like this, I usually make bad decisions

It's a little teasing, huh (Ayy), it's not lit when we lit, huh
You already know how we get, huh, girl, I've watched this show before
I see every season, huh, always starts out so sweet then, huh
Calling me drunk on the weekend, tweakin', bringin' up sneaky linkin', huh

I already know
It's gonna be a situation where I can't help myself if I don't go
I already know
The reason I was feeling what I felt how I felt once before
I already know
It's gonna be a situation where I can't help myself if I don't go
I already know
The reason I was feeling when I felt how I felt once before
(Girl)

Girl listen, I've been down this road before
You already know
'Cause you already know how this thing goes
You already know

Honest though (Honest though)
Listen girl, it's hard to be responsible (Responsible)
'Cause I'm not the only guy you make uncomfortable (Uncomfortable)
And if I go there I don't wanna be the one that's left in tears, yeah
