

Armour

Craig David

You've been bleeding out
I'm here to save you now
Don't make me pay for what he did before
On the front line but you and I we ain't that woke, oh-oh

Can't get through the armour of your heart, take it down
I know it's been harder in the past but I'm here now
Scars and injuries, had your battles
Now we already know you're fragile
Can't get through the armour of your heart, take it down
(Oh-Oh-Oh)
Take it down
(Oh-Oh-Oh)
Take it down

Emergency, man down
(Man down, man down)
I'll turn the pain around
Don't make me pay for what he did before
On the front line but you and I we ain't that woke, oh-oh

Can't get through the armour of your heart, take it down
I know it's been harder in the past but I'm here now
Scars and injuries, had your battles
Now we already know you're fragile
(Oh yeah)
Can't get through the armour of your heart, take it
Oh-Oh-Oh
Take it down
(Oh-Oh-Oh)

Just take off your armour
Just take off your armour
Just take off your armour
Just take off your armour, oh

Can't get through the armour of your heart, take it down
I know it's been harder in the past but I'm here now
Scars and injuries, had your battles
Now we already know you're fragile
(Oh yeah)
Can't get through the armour of your heart, take it down
(Oh-Oh-Oh)
Take it down
(Oh-Oh-Oh)
Take it down
(Oh-Oh-Oh)
(Oh-Oh-Oh)
Take it down
