

Best of Me

Craig David

One, one
One, one, one
One, one
Me, one, one

Only got twenty-four hours in a day
Ain't enough for me
'Cause girl, when I'm with you somehow
I be down, I could spend a whole week (Yeah)
Ain't been hanging out a long time
But I'm all in, falling deep
'Bouta make me crazy
I'm like (Oh)

And you know, you know
I'll give you anything
That you want, you want
Put that on everything
I'll always put you first
I know you been hurt, been hurt the worst
But if you take me, baby
You'll find (Oh)

You got the best, you got the best of me
You got me thinking 'bout you day and night incessantly (Oh, I)
I'll do you right, I'll do you right (Ah)
All of the time, all of the time, nothing less
'Cause you got the best, the best of me

Love the way we getting tongue-tied
In the morning before I leave (Right before I leave)
And you love it, you love it every night
When we laughing in between the sheets (Oh)
Ain't been hanging out a long time
But I know you're right for me
I ain't crazy, baby, am I?
(Boy, you know you ain't crazy, no)

'Cause you know, you know
I'll give you anything
That you want, you want
Put that on everything
I'll always put you first
I know you been hurt, been hurt the worst
But if you take me, baby
You'll find (Oh)

You got the best, you got the best of me
You got me thinking 'bout you day and night incessantly (Oh, I)
I'll do you right, I'll do you right (Ah)
All of the time, all of the time, nothing less

'Cause you got the best, the best of me

Best of me, you know baby

You gon' have the best of me (You gon' have the best of me)

Best of me, you know baby

You gon' have the best of me (Oh I, best of me)

Best of me, you know baby

You gon' have the best of me (You got the best of me)

Best of me, baby you know

'Cause you got the...

You got the best (you got the best), you got the best of me

You got me thinking 'bout you day and night incessantly (oh, I)

I'll do you right, I'll do you right (ah)

All of the time, all of the time, nothing less (ain't nothing less)

'Cause you got the best, the best of me

Best of me, oh I

You know baby, you gon' have the best of me

Yeah, yeah (Ah)

You got the best of ('Cause you know, baby)

'Cause you got the (you gon' have the best of me)
