

## Brand New

Craig David

Yeah, yeah  
Yeah, yeah, yeah  
Yeah, aw, yeah  
Come on, yeah

Pleased to meet ya, pleased to meet ya  
Please believe ya, you're with me tonight  
I'm the student, you're the teacher  
'Cause everything you be sayin' got me on heat, yeah

Just a kiss will help a little  
'Specially when you be givin' me all them signals, yeah  
'Cause I hope by the end of the night  
That you wanna come take a ride with me

Señorita  
Know every time that I meet ya  
Just complimentin' your features  
'Cause you got a way of makin' it feel brand new  
When I'm underneath ya  
You know it ain't hard to read ya  
Playin' out of those old tricks, but you seem to  
Always have a way of makin' it feel brand new, yeah

I'm just waitin', I'm just waitin'  
I'm just sayin', so do the things you like  
So outrageous, so contagious  
Sometimes I don't even know how I'm s'posed to take this

Just a kiss will help a little  
'Specially when you be givin' me all them signals, yeah  
'Cause I hope by the end of the night  
That you wanna come take a ride with me

Señorita  
Know every time that I meet ya  
Just complimentin' your features  
'Cause you got a way of makin' it feel brand new

Give, give me, all night  
I love the way you  
Give, give me, all night  
I love the way you, girl  
Give, give me, all night
