

Commitment Pt. 2

Craig David

Every time I show you vibes you cannot see it
Every time I tell the truth you don't believe it
Don't tell me I don't know about commitment
When I was the only one to show you different

It don't be the same no more
I can see, you can see it don't be that way no more, yeah
You running around like you don't have feelings anymore, yeah
It's cool if you out, no doubt if you leave then say no more
No more, no more
'Cause when you go left, I just go right
Mmm, but you still want it all night
We just play chess, when we collide
Mmm, think it's right about time

Every time I show you vibes you cannot see it
Every time I tell the truth you don't believe it
Don't tell me I don't know about commitment
When I was the only one to show you different

Oh, je t'ai tourné, tourné le dos
J'en avais marre de m'battre pour un amour inexistant
Oh, je t'ai tourné, tourné le dos
J'en avais marre de m'battre pour un amour inexistant

Oh, devrais-je remercier le ciel
De m'avoir aidée à réfléchir pour nous ?
Et tu dis que tu m'aimes sans arrêt
Mais je n't'aime plus

Every time I show you vibes you cannot see it
Every time I tell the truth you don't believe it
Don't tell me I don't know about commitment (Oh, no)
When I was the only one to show you different

Differently
We fell in love instantly
You're a man on a mission
Stacking your paper
So I kept a distance, babe
We were self destructing like kamikaze
Though you say I'm a snack, I belong in the pantry
You do these things to me
Like fire make we rekindle it

When you go left, I just go right
Hmmm, but I still want it all night
Undo this dress, show me your might
'Cause you know I need it, baby

Every time I show you vibes you cannot see it
Every time I tell the truth you don't believe it
Don't tell me I don't know about commitment
When I was the only one to show you different

It's the same thing nothing's changed, don't get it twisted
Done the right things, right time I kept it consistent

Every time you sent the message don't receive it
Every time we speak, I want you just to deep it, yeah
