DNA, Pt. 2

Craig David

Something, girl, in your DNA
It's Heaven every time you're with me
Got me feelin' some type of way, got me feelin' some type of way, yeah

Yeah, when you're close to me, we can't help but explode (But explode, baby)
You touch every part of me (All over my body)
And when we kissed, you left me beggin' for more (More for me, baby)
I just want more

You're in my bones (In my bones)
You're in my veins (In my veins)
It feel like home when you're holdin' me (Yeah)
You're in my soul (In my soul)
And I can't explain (Can't explain)
You take me to another place

There's something in your DNA
'Cause Heaven did it right, baby, when you were made
You hit it different, I feel some type of way
I'll never be, never be the same
There's something in your DNA-NA
'Cause Heaven did it right, baby, when you were made
You hit it different, I feel some type of way
I'll never be, never be the same
There's something in your DNA

Yeah, when I saw you, it felt like we met before (Met before, babe)
In another life, another time, I know that for sure (That for sure)
Let's stop pretendin' this ain't what we've been waitin' for (No more waitin')
What we waited for

You're in my bones (In my bones)
You're in my veins (In my veins)
It feel like home (Like home)
When you're holdin' me (Yeah)
You're in my soul (In my soul)
And I can't explain (Can't explain)
You take me to another place

There's something in your DNA (DNA)
'Cause Heaven did it right, baby, when you were made (Were made)
You hit it different, I feel some type of way (Type of way)
I'll never be, never be the same
There's something in your DNA-NA (There's something, girl, in your DNA)
'Cause Heaven did it right, baby, when you were made (It's Heaven every time you're with me)
You hit it different, I feel some type of way (You got me feelin' some type)
I'll never be, never be the same (Never be the same)
There's something in your DNA

Never felt anything quite like this before (I never felt before), no
I can't explain (I can't explain it)
Since you came into my life, my whole world changed with you (My whole life with you)
You're everything I waited for (I waited for)
Type of love you can't ignore (Can't ignore)

And now I know exactly [?] it's all for me
Yeah
Feel it every time I place my hand in yours

There's something in your DNA (NA)
'Cause Heaven did it right, baby, when you were made (Were made)
You hit it different, I feel some type of way (Type of way)
I'll never be, never be the same
There's something in your DNA-NA (There's something, girl, in your DNA)
'Cause Heaven did it right, baby, when you were made (It's Heaven every time you're with me)
You hit it different, I feel some type of way (You got me feelin' some type)
I'll never be, never be the same (Never be the same)
There's something in your DNA

There's something, girl, in your DNA (Oh, ooh-woah)
It's Heaven every time you're with me (No, oh, oh-oh)
Got me feelin' some type of way (Got me feelin' some type of way), yeah
There's something in your DNA
