

Exception To The Rule

Craig David

I'm not the type of guy to be fooling around
Truly, see me, feel me, oh baby baby
It's not in my nature, don't get me wrong
But now that I met ya, the feeling's so strong
It's simply my imagination running wild, you see
Never thought that this would happen to me
And even though you're with another man
I need to try and understand

You changed my point of view, baby
You're the exception to the rule

I know a girl like you should be out of bounds
It's a recipe for tragedy, oh baby, baby
Breaking the rules turns things around
But even fools try to reach higher grounds
It's simply temptation beyond my control
Burning oh so deeply right within my soul
And even though it's not like me
I'll take the chance with you baby

You changed my point of view baby
You're the exception to the rule

You thrill me, sexy lady driving me crazy
Pretty lady
You blow my mind
Can't help myself
So much to say
Talk to me, talk to me
Well I couldn't see
Blinded my own dignity
But now I know that we were meant to be
You and me my sweet lady

You changed my point of view baby
You're the exception to the rule
