

Get Involved

Craig David

I don't wanna be a part of this same struggle no longer
Baby comes knocking on my door, I hide behind the sofa
I remember ten years younger I didn't have a problem
I wish I could be there again
I wish that we could've stayed friends
Why do you wanna stay friends?
I really don't mean no offense, oh no
She leave you, if you had the chance
If you didn't pick her up in your benz, oh no
When she hold you down, I think no sir
I gold digger, I already told ya
Different girls it's just part of their culture
So why you keep getting involved for?

Why I gotta get involved?
Keep getting involved
Getting involved with those games
Why I gotta get involved?
Keep getting involved
Getting involved

Why ya keep getting involved?
Getting involved
Why ya keep getting involved?
Getting involved

Lately it seems, wherever I go, the trouble will follow
Now every night I'm locking my doors and closing my windows
I remember ten years younger there's no problems
I wish I could be there again (yeah)
I wish that we could've stayed friends
I ain't like your other friends
I ain't sitting on the fence, oh no
Too blind to see what she doing
But I can see through her pretends, oh no
So brother come home, don't be foolish
I'm your boy and I not gon' let you do this
I know you understand what the truth is
Brush this chick off, let her hand in her notice

Why I gotta get involved?
Keep getting involved
Getting involved with those games
Why I gotta get involved?
Keep getting involved
Getting involved

Why ya keep getting involved?
Getting involved
Why ya keep getting involved?
Getting involved

Maybe he was right, maybe I was wrong
Maybe I've been far too close to see what's going on
That don't change the situation
You don't need no education
Sitting there procrastinating

I be off, I'll see you later

Why I gotta get involved?
Keep getting involved
Getting involved with those games
Why I gotta get involved?
Keep getting involved
Getting involved
Why I gotta get involved?
Keep getting involved
Getting involved with those games
Why I gotta get involved?
Keep getting involved
Getting involved
