

Gold

Craig David

You get a fix, then it's over
Throw it away, throw it away, throw it away
You get a taste and a cold shoulder
Not today, not today, not today
They can't hit a home run (know what I'm saying girl)
Second base ain't no fun (if they just playing you)
Get a fix then it's over, yeah
Not today, not today

I feel that right energy
When you're naked in front of me
But, see that guard, you really don't need it
No, no

So, baby quiet your mind and just listen
I'll teach you something you don't know
I'ma cover your eyes, no vision
Karma sutra your soul
I'll make you say, ah, ah
Quiet your mind and just give in
You gon' feel it when I hit that gold
Gold, gold, gold
When I hit that
Gold, gold, gold, gold
Gold, gold, gold, gold
When I hit that
Gold, gold, gold

I know you're close but come closer
Levitate, levitate, levitate
Work my way all up on your chakras
Know my way, know my way, know my way
Touch until it's all done (know what I'm saying, girl)
Till then let it all run (I love to play in you)
I know you're close but come closer

I feel that right energy
When you're naked in front of me
But, see that guard, you really don't need it
No, no

So, baby quiet your mind and just listen
I'll teach you something you don't know
I'ma cover your eyes, no vision
Karma sutra your soul
I'll make you say, ah, ah
Quiet your mind and just give in
You gon' feel it when I hit that gold
Gold, gold, gold
When I hit that
Gold, gold, gold, gold
Gold, gold, gold, gold
When I hit that
Gold, gold, gold

Just relax
Ain't gotta understand

How I'm touching you places with no hands
No hands, so, baby lie back

So, baby quiet your mind and just listen
I'll teach you something you don't know
I'ma cover your eyes, no vision
Karma sutra your soul
I'll make you say, ah, ah
Quiet your mind and just give in
You gon' feel it when I hit that gold
