

Here With Me

Craig David

I give up everything I have cause I know nothing matters
As long as you're here with me
So no more bedroom, one night flings oh, I ain't on them tings no, no
As you're here with me

See I got this crazy feeling I can't hide
But I see you hesitating, you think I'm running lies
Yeah you probably heard the rumours and I won't deny
Baby, some of it was true but I'm prepared to chase for you

Was running round, running round, I was messing with this girl, messing with
that girl
I was about to hold it down cause I'm not in the game girl
Cause I wasn't looking for commitment, you know the game baby
Cause when I met you girl, was different, that's why I'm playing for keeps

I give up everything I have cause I know nothing matters
As long as you're here with me
So no more bedroom, one night flings oh, I ain't on them tings no, no
As you're here with me
I've been there, done that, didn't know until
I finally found something that's real
I give up everything I have cause I know nothing matters
As long as you're here with me
As long as you're here with me

Your friends been talking, filling your head with lies
And if I'm being really honest, to me that's no surprise
Give me a chance girl, I'll prove it, I swear I'll change your mind
Baby, some of it was true but I'm prepared to chase for you

Was running round, running round, I was messing with this girl, messing with
that girl
I was about to hold it down cause I'm not in the game girl
Cause I wasn't looking for commitment, you know the game baby
Cause when I met you girl, was different, that's why I'm playing for keeps

I give up everything I have cause I know nothing matters
As long as you're here with me
So no more bedroom, one night flings oh, I ain't on them tings no, no
As you're here with me
I've been there, done that, didn't know until
I finally found something that's real
I give up everything I have cause I know nothing matters
As long as you're here with me
As long as you're here with me

So if you don't want me baby
Cause this how the story goes
But before you up and walk away
I just gotta let you know

I give up everything I have cause I know nothing matters
As long as you're here with me
So no more bedroom, one night flings oh, I ain't on them tings no, no
As you're here with me
I've been there, done that, didn't know until

I finally found something that's real
I give up everything I have cause I know nothing matters
As long as you're here with me
As long as you're here with me
