

# Love Me Like It's Yesterday

Craig David

Oh, yeah  
You know, yeah  
The life that I live's so different  
The [?] that I drive, the guard on my life, the music I make yeah  
You know, aw yeah  
You and me girl make perfect sense  
Ain't got no reason to pretend, no

I might take you shopping, girl  
Show you what's popping, girl  
Maybe take a trip away  
Fly out to Italy  
Cop you a brand new car  
Have you looking like a superstar  
Don't matter what you go through  
Baby I'll come find you

Might not make it to the end of the day  
So love me like it's yesterday  
Might not see me in the morning, babe  
So love me like it's yesterday  
Not only your love  
You got the good that I need  
So come a little closer, babe  
And love me like it's yesterday  
You know how we roll  
You know how we roll  
I'll cop you a brand new car  
Have you looking like a superstar  
You know how we roll  
Love me like it's yesterday

Mad 'bout my style and the way that I whip in my Wraith  
Oh, yeah (whip in my Wraith)  
Pull up in the spot, I drop two songs then done up the place  
Oh, yeah (done up the place)  
She see my potential  
But finesse my credentials  
Yeah, she lovin' my style, yeah

I might take you shopping, girl  
Show you what's popping, girl  
Maybe take a trip away  
Fly out to Italy  
Cop you a brand new car  
Have you looking like a superstar  
Don't matter what you go through  
Baby I'll come find you

Might not make it to the end of the day  
So, love me like it's yesterday  
Might not see me in the morning, babe  
So, love me like it's yesterday  
Not only your love  
You got the good that I need  
So, come a little closer, babe  
And love me like it's yesterday

You know how we roll  
You know how we roll  
I'll cop you a brand new car  
Have you looking like a superstar  
You know how we roll  
Love me like it's yesterday

Don't have to stay, don't have to go, eh  
Don't care what the time is, you know what the time is, yeah  
We could go back to yesterday  
So good let's move it back a day  
Fly 'round the world and back again  
Long as I'm with you

I might take you shopping, girl  
Show you what's popping, girl  
Maybe take a trip away  
Fly out to Italy  
Cop you a brand new car  
Have you looking like a superstar  
Don't matter what you go through  
Baby I'll come find you

Might not make it to the end of the day  
So, love me like it's yesterday  
Might not see me in the morning, babe  
So, love me like it's yesterday  
Not only your love  
You got the good that I need  
So, come a little closer, babe  
And love me like it's yesterday  
You know how we roll  
You know how we roll  
I'll cop you a brand new car  
Have you looking like a superstar  
You know how we roll  
Love me like it's yesterday
