

# Loyal

Craig David

When a rich nigga want you  
And your boy, he can't do nothing for you  
I'mma make you loyal  
I'mma make you a good girl  
I'mma make you loyal  
How you feel about that, girl?

Just got rich  
But this girl don't give a shit  
Got her own house and her whips  
And when I put it out, believe that she can handle it

I got a thick girl with some real titties  
Small waist, ass, puts it down for me  
Nice clothes, everybody want her  
Rolling in and rolling back, kitty been tied up  
She don't do drugs, likes being in control when she fucks  
She ain't playing with other rappers in the game  
From time I made it rain this girl has never been the same

Oh, girl, I want you  
Got you, baby  
All this money don't mean nothing to you  
Nothing now  
I'mma make you loyal  
I'mma make you a good girl  
I'mma make you loyal  
How you feel about that, girl?

My girl likes working out  
Now just at the gym, you know what I'm talking bout  
But when the weekend comes around  
She like turn up, turn up when she going out  
She likes to pop bottles  
Looking like a Victoria's Secret model  
But at the end of the night she's back here, yeah  
'Cause I'm the guy she's fucking with, yeah

Just got rich  
But this girl don't give a shit  
Got her own house and her whips  
And when I put it out, believe that she can handle it

Oh, girl, I want you  
Got you, baby  
All this money don't mean nothing to you  
Nothing now  
I'mma make you loyal  
I'mma make you a good girl  
I'mma make you loyal  
How you feel about that, girl?
