

# Obvious

Craig David

We started off as just casual  
A little fun you know what I'm saying  
Some days we'd spend the whole afternoon  
We'd catch a vibe and do it again  
Let me be honest keep it real for a minute  
You'd call me up  
We be making love almost anywhere  
Who would have known that we were both catching feelings  
Thought we were falling that's the truth

It's about you and me  
Let's get back to how it all started  
Just how it used to be  
I don't know why we even parted, matter fact  
I know you're living for the moment (yeah)  
But then again maybe you're just avoiding (yeah)  
It's kinda hard cos I don't know what you want, yeah

It's like every time I look  
It's like there's my baby  
I see you with him  
You know it hurts like crazy  
Girl, I know that we're still in love  
You're tryna make me jealous  
It's obvious

Feeling like I can't even call you lately  
The way that you've been acting  
How can you blame me  
Telling your friends that we've broken up  
But I can tell you don't believe that  
It's obvious

Obvious oh no  
It's almost like you don't respect my decision  
And you want me to ask for your permission  
Oh, I told you how I feel  
You never listen  
And even what you think some sex and hennessy can fix it  
Our lives a lie  
Even lies of omission  
You never answer the phone around me  
And you wonder why I'm suspicious  
I made my decision  
What are you not comprehending

It's about you and me  
Let's get back to how it all started  
Just how it used to be yeah  
I don't know why we even parted  
Matter fact  
I know you're living for the moment (yeah)  
But then again maybe you're just avoiding (oh yeah)  
It's only hard cos I don't know what you want, yeah

You keep calling me up  
But I'm not your baby

Trying to make it work  
But it hurts like crazy  
Boy, we used to be so in love  
But you're so narcissistic  
It's obvious

I don't know why you calling me so much lately  
The way that you been acting  
How can you blame me  
For telling all my friends that we broken up  
We never getting back together  
It's obvious

Don't you remember girl how good it was back when we first started  
(When we first started, yeah)  
That's why I'm tripping every time I see you with him  
Real talk (that's real talk baby)  
I've been hoping somewhere deep inside of you that  
You still think of me  
But if I've got this wrong  
Who am I to disagree, oh

It's like every time I look  
It's like there's my baby  
I see you with him  
You know it hurts like crazy  
Girl, I know that we're still in love  
You're tryna make me jealous  
It's obvious

I don't know why you calling me so much lately
