

# Say the Word

Craig David

Come on baby (Come on, baby)  
Oh, girl (Oh, girl)  
Say the word (Say the word)  
And I will (And I will), oh yeah

Now I've had my mind on this girl  
The most beautifulest thing I've ever seen in the world  
Those caramel eyes had me melt every time  
And I think I've got a crush on you, 'cause damn, you're so fine  
I don't just want a little slap and tickle  
I don't expect to find myself caught up in the middle  
Of a game of hide and seek  
Seems like every time we meet  
I get the feeling you know the words inside  
I'm trying to say

If you feel the same way, baby, you should let me know  
So that we can take our time and just chill for real  
Darling, all you have to do is say the word  
And you know that I will

If I had you for my girlfriend, you'd be my queen  
And there's no way that no other girl could come in-between  
Of you and me (Me)  
You can't deny, we're wasting time  
When you should be chilling with me (Hey)  
Girl, should I just keep this flow or just go away?  
Don't leave me out in the cold, baby  
There's been too many mixed messages (Messages)  
And I don't know if I should mess with this (Should mess with this)  
But I can't resist  
And I don't wanna let these feelings go, so (Feelings go)

If you feel the same way, baby, you should let me know  
So that we can take our time and just chill for real  
Darling all you have to do is say the word  
And you know that I will

Break it down (Break it down, break it down)  
Girl, we've played this game for far too long  
Something so right just can't be wrong  
It's been hard to find the words to say  
But this feeling's just too strong, so

Excuse me miss, where you from?  
I smell the perfume of a beautiful woman  
Addicted to like Pokémon  
But please don't get me wrong  
I've got a crush on you; that's what I'm saying in this song  
You need TLC; take it from me  
Even thought you're an independant lady

Career girl with your own money, from what I can see  
Healthy attitude with a warm personality  
See you in cinemas, in different bars  
With your girlfriends eating Häagen-Dazs  
Driving fast cars, but please don't be fooled by those little men  
Who be acting like gentlemen  
'Cause I've seen with my own eyes the situations that they've been in  
So, hi, my name is... why blow? (That's right)  
I think I'll leave that one for those of you who already know  
And if you're interested, is there somewhere we could go?  
Access all areas that after my show, so let me know, come on

If you feel the same way, baby, you should let me know (You should let me know, girl)  
So that we can take our time and just chill for real (We could just chill for a while, baby)  
Darling, all you have to do is say the word  
And you know that I will (You know that I will, baby)  
If you feel the same way, baby, you should let me know (If you feel, feel)  
So that we can take our time and just chill for real (We can just chill, babe)  
Darling, all you have to do is say the word  
And you know that I will (Oh, you know I will, you know I will, baby)  
If you feel the same way, baby, you should let me know (Oh yeah, let me know, girl)  
So that we can take our time and just chill for real  
Darling, all you have to do is say the word  
And you know that I will  
Know that I will
