Sexy and witty, smashin' it in every city
Cause she's hot, bump up on it, face is to lick
And she's know it, 'cos she be looking (in this era)
She's hot-ter than anything you screwed
Ain't tryna be rude, dude
She's straight finger lickin' like soul food
She's hot, so nonchalant, ain't gotta front

Years of growin' up with people sayin' you're fat

Cryin' every night I was sixteen, whatcha say
Face of a model imperfections made you hold back

Now they be wishin' they could get a piece of that
Lookin' hot for everyone to see

My girl be trippin' tryna sayin' her chest was so flat
Messin' with your head till you started believing that
Wouldn't stop until it hurt so deep, then one day
Like a genie in a bottle said don't worry 'bout this whole fad
