

SOS

Craig David

Got me sending out
Sending out an SOS for you
Won't you save me

Lately I've been doing some thinking
Think I got this whole thing wrong
Feel as if my ship is sinking
Finding it way too hard to stay afloat
I always used to sail with caution
Now I'm way too deep for that
Since I met you there ain't no option
I'm diving over board ain't holding back

I'm sending out an SOS, SOS
I feel love and now I realise
I'm sending out an SOS, an SOS
And I hope that you hear me tonight
Come and save me

Got me sending out
Sending out an SOS for you
Got me sending out
Sending out an SOSOSO
Got me sending out
Sending out an SOS for you
Won't you save me
I'm right here waiting for you
I'm right here waiting for you

I know you'll hold me when I'm falling
And I admit I'm falling fast
In your arms I know where I belong
I've never felt something like this so bad

I'm sending out an SOS, SOS
I feel love and now I realise
I'm sending out an SOS, an SOS
And I hope that you hear me tonight
Come and save me

Got me sending out
Sending out an SOS for you
Got me sending out
Sending out an SOSOSO
Got me sending out
Sending out an SOS for you
Won't you save me
I'm right here waiting for you
I'm right here waiting for you

(Ooooh)
Got me sending out an SO
Sending out an SOS for you
(Ooooh)
Sending out an SO
Sending out an SOS for you

I'm sending out an SOS, SOS
I feel love and now I realise
I'm sending out an SOS, an SOS
And I hope that you hear me tonight
Come and save me

Got me sending out
Sending out an SOS for you
Got me sending out
Sending out an SOSOSO
Got me sending out
Sending out an SOS for you
Won't you save me
I'm right here waiting for
