

Teardrops

Craig David

Eh eh yeah eh
(I don't know what I wanna do)
Eh eh yeah eh
(So baby tell me what we gonna do)

Day and night I think about your love, baby
Remember back when we had so much fun, easy
Opposites attracting that was us, so crazy
But we messed it up (up)
Now it seems like all we do is fight, daily
Still pretending that everything's fine, all gravy
I wish you and me, we could rewind, just maybe
But we're way past lame excuses
When we both know what the truth is

Say you wanna talk about it
Kiss and make up we tried it
Break it off and get right back again
No no (oh back again no)
I know exactly what's gonna happen here
Doesn't really matter how we feel
I'm always gonna love you but I gotta go, go

You got teardrops running down your face
And I wish I hadn't said it to you
Now we're standing in the pouring rain
And I know I gotta see it through
And it hurts so much, 'cause I need you
And it hurts so much, 'cause I want your love
And it hurts so much, 'cause I need you
And it hurts 'cause they don't know about this here

You know that I hate to see you cry, baby
There's no easy way to say goodbye, I'm sorry
Let's admit we weren't seeing eye to eye, not lately
I'd turn back time for you but there's nothing I can do

Say you wanna talk about it
Kiss and make up we tried it
Break it off and get right back again
No no (oh back again no)
I know exactly what's gonna happen here
Doesn't really matter how we feel
I'm always gonna love you but I gotta go go

You got teardrops running down your face
And I wish I hadn't said it to you
Now we're standing in the pouring rain
And I know I gotta see it through
And it hurts so much, 'cause I need you
And it hurts so much, 'cause I want your love
And it hurts so much, 'cause I need you
And it hurts 'cause they don't know about this here

Standing here looking right at ya
I'm holding back 'cause I got to
My head tryna tell me don't go there

And my heart just needs some closure
I wanna reach out and hold ya
Kiss you and we can start over
Head's tryna tell me don't go there
'Cause this time it's really over

You got teardrops running down your face
And I wish I hadn't said it to you
Now we're standing in the pouring rain
And I know I gotta see it through
And it hurts so much, 'cause I need you
And it hurts so much, 'cause I want your love
And it hurts so much, 'cause I need you
And it hurts 'cause they don't know about this here

And it hurts so much, 'cause I need you
And it hurts so much, 'cause I want your love
And it hurts so much, 'cause I need you
And it hurts 'cause they don't know about this here

Eh eh yeah eh
(I don't know what I wanna do)
Eh eh yeah
They don't know about this here
