

This Is the Girl

Craig David

Oh, ohh
Oh, ohh
Oh, ohh
Ohhhh oh
Oh, ohh
Oh, ohh
Oh, ohh

This is the girl that I want

Uncomfortable, it's been way more than a month or two
It's deeper than that I roll with you
So no other chick can't come close to you
And deep down I know the truth
Notice you don't like if I come with you
And chicks wanna hug me in front of you
But I don't mean to be rude
I won't find me another one quite like you
I know that we become so close
And I know I'm mostly on tour with girls backstage after the encore
But I'm down for you, look out for you (down for you, look out for you)
Try my best to be around for you (try my best to be around for you, ohh)
And if you still down then I want you to know
You're the one I want when I'm gone

This is the girl that I want
This is the girl that's gon make me fall in love (and I ain't even wanna fall in love)
Girl I will ride with you
Give up my life for you
Baby 'cos girl I've changed (baby I've changed)
And this is the girl that I want

Oh, ohh (you know how it goes)
Oh, ohh (you know what they say)
Oh, ohh (old dogs)
Ohhhh oh (new tricks)
Oh, ohh (different toilet)
Oh, ohh (same)
Oh, ohh (well let me tell you somethin')
Ohhhh oh

Look I've been in a club many a times
Been a player two girls at a time
Been a very bad boy like Shyne (too blind to see what you were doing)
I was involved in close, hiding with a silent ring tone
Like Jude Law in Closer
Relationship rollercoaster (ohhh)
My life, my real life co-star (ohhh)
With no dialouge we couldn't go far (ohhh)
But I'll try and stop
'Cos so far well that wont last (too blind to see what you were doing)
I move so fast spin round the track like go-karts
Over and over and over
To a slow stop, I'm so lost
'Cos what I couldn't be you wanted me to be (ohhh)
When I couldnt breathe I wanted you to leave (ohhh)
What you couldn't see (ohhh)

Was me in the club with she
Looking like my wife to be
But finally, I've grown up since then
And your eyes opened up since then
And I've changed so let's keep it movin' (too blind to see what you were doing)

This is the girl that I want (and I really wanna let you know)
This is the girl that's gon make me fall in love ('cos I really wanna fall in love)
Girl I will ride with you
Give up my life for you
Baby 'cos girl I've changed
And this is the girl that I want

This is the girl that I want (and I really wanna let you know)
Forget 'bout all them other girls before (forget 'bout all them other girls before)
Wanna get involved with you
All them other girls ain't the same
With them played the game
And this is the girl that I want

Oh, ohh (ohh)
Oh, ohh (ohh)
Oh, ohh (ohh) (too blind to see what I was doing)
Ohhhh oh
Oh, ohh (ohh)
Oh, ohh (ohh)
Oh, ohh (uh uh)
Ohhhh oh

Check
On the canopy
My stamina be enough for Angelina Jolie
Actually I had to be-come a man to be the man you see
And I know your fantasy
A baby and a family with me
I know how it sounds but believe me
That if I don't know how to be teach me

This is the girl that I want (and I really wanna let you know)
This is the girl that's gon make me fall in love ('cos I really wanna fall in love)
Girl I will ride with you
Give up my life for you
Baby 'cos girl I've changed
And this is the girl that I want

This is the girl that I want (and I really wanna let you know)
Forget 'bout all them other girls before (forget 'bout all them other girls before)
Wanna get involved with you
All them other girls ain't the same
With them played the game
And this is the girl that I want

Oh, ohh
Oh, ohh
Oh, ohh (too blind to see what I was doing)
Ohhhh oh
Oh, ohh
Oh, ohh

Oh, ohh (we're meant to be let's keep it movin')
Ohhhh oh

Oh, ohh
Oh, ohh
Oh, ohh (too blind to see what I was doing)
Ohhhh oh
Oh, ohh
Oh, ohh
Oh, ohh (we're meant to be let's keep it movin')
Ohhhh oh
