You Don't Miss Your Water ('Til the Well Runs Dry)

Craig David

As I sail with you across the finest oceans On our way to find the key to our emotions Together we will move the clouds to brighter days Some people question what I say Tried to break up you and me But I know this love between us is growing stronger You can call me whenever from wherever Just remember that I'll be there Through all the stormy weather Us break up never No we'll be together Forever You don't miss your water 'til the well runs dry But I believe so strongly in you and I Can somebody answer me the question why You don't miss your water til the well runs dry

As I close my eyes Sit back while reminiscing Of when we used to fuss and fight but end up kissing There may be sad and painful times along the way But in my heart you'll always be everything and more to me For I know this love between us is growing stronger You can call me whenever from wherever Just remember that I'll be there Through all the stormy weather Us break up never No we'll be together Forever

You don't miss your water 'til the well runs dry But I believe so strongly in you and I Can somebody answer me the question why You don't miss your water til the well runs dry

For you are always on my mind You are always on my mind Girl you know that you You are always You are always on my mind You are always forever
