

Do You See

Craig Mack

Do you see, do you hear, do you do
Do you see, do you hear, do you do
(Do you see what I see, do you hear what I hear)
(Do you feel what I feel, see what I see)
(Do you do the right thing, uh huh do you see what I see)
(Check it, check it)

It doesn't matter if you're red, yellow, white, black or brown
It's even in the world that makes my face wear a frown
World renown
While ya clown I turn the planet upside down
But right here is the problem that I found
A new height might invite the sight of light
Too bright for average eyes to see
Cause average eyes ain't right
I write documents on how the world livin, givin it a bad report ain't even o
rder in the court nowadays
The streets are like another vietnam
Keep it calm I drop the bomb
Cause mack's a time warner
Gonna set the record straight
The moment has arisen
People of the planet earth these are your last days to listen
We in position, movin
Do ya hear what I hear, do you see what I see
It's mackalicious in the house, and this is how it be

Do you see, do you hear, do you do
Do you see, do you hear, do you do
(Do you see what I see, do you hear what I hear)
(Do you feel what I feel, see what I see)
(Do you do the right thing, uh huh do you see what I see)
(Check it, check it)

(Uh huh, do you see what I see)
(Do you hear what I hear brotha, do you see what I see)
(Do you do the right thing? Uh huh, uh huh check it, yup yup)

Here we are trapped inside this wilderness
Building this empire of desire
I know some that kill for this
Some are on top and livin in bliss
And some exist on a list for government to assist
And it ain't even taught in schools
Not realizin that the uprising of man is God and his plan
(What plan?)
One day man will fill the universe but not for worst
Cause man must clear his head piece first
Technology phase 2 of mans great biography
With choreography of God and evil not on top of me
Stoppin me, you can tell your son and daughter
We in the last quarter prepare for new world order
As we get toward the border of the old way
Cause Craig Mack is here to help you to a new day
I got rhymes dat fit, plus my styles legit
And I'mma try to do the right thing all day...

Do you see, do you hear, do you do
Do you see, do you hear, do you do
(Do you see what I see, do you hear what I hear)
(Do you feel what I feel, see what I see)
(Do you do the right thing, uh huh do you see what I see)
(Check it, check it)

I know there's brothers out there, frontin on the next man's job
Be a rapper get off a thugs knob
Ya brag and boast
Stay together at your post, knowing damn well first big check come ya ghost
I got love for a hustler and brothers in jail
Cause you can't fight hunger when the system fails
Its drug infested
Too damn congested, my molested, get arrested and who wants to test it
Party people it's time we get together forever, forget hard times and bad we
ather
Let me take your mind to Aquarius 'fore the whole ghetto mind state buryr us
The way you live your life is various, but it's a must to have God as someon
e you trust
And if there ain't nothin left for me to discuss, I grab the microphone unti
l it rusts...
