

# What I Need

Craig Mack

What I need  
What I need

You got what I want lady  
Ladies! Uh  
Mackalicious & Delicious stands for Delicious  
Vicious on beats. Ha ha ha ha ha ha

Now I'm sitting at BK sipping on the milk shake  
Getting off work cause' I need a break  
A pair of legs & some hips walk by  
Now I'd seen legs before but somethin caught my eye  
Step to her, on the calm no warning  
Forget about the burger we'll do breakfast in the morning  
My name is Mack real short for Mackalicious  
She said my name is yummy cause the puddin' is delicious  
Hopped in the car skid down the street  
Parked at the hotel but fucked in the back seat  
I'll be the entrepreneur to make sure  
Keep the girls coming like a sale at a store  
Its a daily  
All day everyday hit you hard for a quickie, back rub if you stay  
And as for Yummy, yes indeed  
Cause' you know you got the stuff that this brother need

You got what I need  
Cause it's the Mackalicious Funk & we rockin you right  
Came to party ya'll yes indeed

What I need, you got it, you got it  
I need What I need, you got it, you got what I need  
What I need, you got it, you got it, I need What I need, you got it  
You got what I need

One time for your mind like this  
Uh, you know you got it  
Check it  
Check it  
Check it  
Coolin with my man at the park countin doe, real slow  
Honey walks by & stubs my toe  
Pardon my big feets Miss Lady  
I didn't mean to slow your flow & where's your man? & do's you has a baby  
See Mack's more appeal not a thug with steel  
I eat MC's for meal, so sugar tell me how ya feel  
She said no tricks I ain't suckin dicks  
Don't treat me like no porno flix and we can be the mix  
Now wait a minute, don't treat me like no Bennett  
I got ladies to defend, Mack's the man when I get in it  
Now come on you almost missed your turn  
I grabbed my rubber so my dick don't burn  
It's the full grown male hard as a steel nail  
For ladies longer than a tail, and MC's ya fail  
Plus she felt the goose eggs like Braille  
For all ya honeys out there Mack's now on ya trail...

You got what I want, Uh, ay yo

You got what I need, Uh  
Cause it's the Mackalicious Funk & we rockin you right  
Came to party ya'll, yes indeed, come on

You got what I want, uh, ay yo  
You got what I need  
Cause it's the Mackalicious Funk ya'll, rockin you right  
Came to party down, Uh

Check it  
Now when it comes to honeys Mack will always do the job  
Eating on they stuff like it was corn on the cob  
I know Pamela, Renee and Deshauna  
Tasha, Tisha, Shanika, Tawana  
I do what I wanna, in the bed or in the corner  
Lock you down, don't say I didn't warn ya  
Flip to freak mode, then watch ya back explode  
Be it rap or puss got the whole shit sewed  
It's hot or cold with an AC or a heater  
Hit cha like a elephant and quick like a cheetah  
Mamacita, I'll tap any senorita, first I greet her  
Then make the earth shake, check the meter final feature in this Valentino creature  
Get cha stuck on my jock the first time I meet cha on the prowl  
Like a sports car with speed, 'cause honeys out there you got what I need...

Cause it's the Mackalicious Funk in the house tonight  
Rockin you yes indeed, come on  
You got what I want, uh, ay yo  
You got what I need  
Yes Yes  
Mackalicious In the house tonight, Rockin you, yes indeed

Feel this Funk  
You got what I need  
Come on & say...
