

American Soundtrack

Craig Morgan

It's in that boombox on the white sand
It's in that jukebox at the bar
It's on the setlist of every weekend band
And it's blaring out the dashboard speakers in our cars

Talkin' 'bout that "Sweet Home" from the boys in Alabama
A "Ring Of Fire" from the Man In Black
Keep the lights on, "Hotel California"
And "Free Fallin'" in a pink Cadillac
Give me some of that
Ooh, American soundtrack
Ooh, American soundtrack

A DJ plays it at the prom dance
Make you laugh or make you shed a tear
It could call for a "hell yeah" or an "amen"
It's homegrown music to my ears

Like that "Whiskey River" from the Red Headed Stranger
"Cat Scratch Fever," Motor City Madman
Know when to hold 'em like that Houston, Texas gambler
"Midnight Rider," Allman Brothers Band
Give me some of that
Ooh, American soundtrack
Ooh, American soundtrack

Oh, take me back
Mm, take me back, yeah

Talkin' 'bout that "Sweet Home" from the boys in Alabama
"Folsom Prison" and the Man In Black
Keep the lights on, "Hotel California"
"Free Fallin'" in a pink Cadillac, yeah
The "Whiskey River" from the Red Headed Stranger
"Cat Scratch Fever," Motor City Madman
Know when to hold 'em, that Houston, Texas Gambler
"Midnight Rider," Allman Brothers Band
Give me some of that
Ooh, American soundtrack
Ooh, American soundtrack
Ooh, American soundtrack
Ooh
