

Golden

Craig Wayne Boyd

Something bout the sun dropping
Red sky reflection on your lips
Satin shimmer on your hips
Something bout the smile you're flashing
That glowin' beacon for my soul
It's pulling me home

Baby you're golden
I wanna stay right here together in this moment
You shine right through the storm clouds
When they roll in
All I know is
You're the one I swear I'll always see
Gold in

Strokes of the love you're painting
Picture perfection on my mind
Forever my forever, forever

Baby you're golden
I wanna stay right here together in this moment
You shine right through the storm clouds
When they roll in
All I know is
You're the one I swear I'll always see
Gold in

Something bout the way you kiss me
And that side glance glimmer in your eyes
Oughta go down in history
Like the rush of 49

Cause baby you're golden
I wanna stay right here together in this moment
You shine right through the storm clouds
When they roll in
All I know is
You're the one I swear I'll always see
Gold in
