

Legitimate

Craig Xen

Villain lookin' killas sit the check if you legitimate
In the Benz, cut with the militant (Ayy, yeah, bitch, I, yuh)
Creep back the cut with the militant
Villain lookin' killas sit the check if you legitimate
(You illegitimate, you legitimate, ayy, yuh, bitch, I)

Creep back the cut with the militant
Villain lookin' killas sit the check if you legitimate
In the Benz, end all sinnin', windows tinted, he can't seem to
sense my spirit

On yo' block, hopped out the car and my Glock glitch
Reach for my blade he will not live
Hell bent, always thought our god is into him
Sending him, back to where he came from, the beginning, huh
Lifeless, revenge all our rivals yeah that's priceless
Heighten' the senses what I get when I combine this...
Feeling that I get when if I drill it through the skin
My intention to kill against his intention to live
[?] I'm lookin' rotten in the apartments
[?] I took the carcass after I burn 'em
Fuck with the wrong one [?]
What you think like me if I try to take my ho out

Creep back the cut with the militant
Villain lookin' killas sit the check if you legitimate
In the Benz, end all sinnin', windows tinted, he can't seem to
sense my spirit

Look, I heard that he a gangsta, a gangsta
Take him go check his [?] go look his name up
Fuck nigga quit tryin' to play something that you ain't
'Cause my niggas find that disrespectful they'll leave yo' brains
flushed

Creep back the cut with the militant
Villain lookin' killas sit the check if you legitimate
End all sinnin', windows tinted, he can't seem to sense my spirit
