Uh, fall fast, uh, uh, uh, okay

I'm a fool, ain't nothin' new  
Let you play it cool but I don't fuck wit' you  
Forgettin' you like you forgot about me  
I thought I was yo' dude  
When I saw you, be like, damn  
That was yo' chance  
You blew that shit, no holdin' hands  
Can't be yo' man, look at this

Love hard, fall fast  
Love hard, fall fast  
Love hard, fall fast  
Love hard, fall fast

Tell yo' new mans  
Come throw them hands  
Heard he a bitch, lil' bi'h  
She movin' quick, she jumpin' shifts  
Now she mad, she see me on the 'gram gettin' lit  
New bitch see my sidekick  
No Robin but she thick

Love hard, fall fast  
Love hard, fall fast

I know yo' new man can do you better than I did  
Shit, I feel bad for him 'cause he ain't know that you toxic  
Fuck it, I should've never let you been the one that I trusted  
Ayy, disgusted  
Turned out to be everything that I thought you wasn't  
Look, and you know where to find me, yeah  
I been in my mind, shit, it's troublin' me  
And you know where to find me  
I'll be high up on my lonely, feelin' like a mountain-top  
And you know where to find me  
I been in my mind, shit, it's troublin' me  
And you know where to find me  
I'll be high up on my lonely, feelin' like a mountain-top

Tell yo' new mans  
Come throw them hands  
Heard he a bitch, lil' bi'h  
She movin' quick, she jumpin' shifts  
Now she mad, she see me on the 'gram gettin' lit  
New bitch see my sidekick  
No Robin but she thick
