

# We Dont Fuck With You

Craig Xen

Yo, yo, yo, yo, yo  
We don't fuck  
I told you from the jump hoe, from the jump  
(Yo, yo, yo, yo, yo)  
Bitch I told you from the jump hoe, from the jump  
I told you from the jump (what)  
From the jump

Nigga we don't fuck with y'all  
I told you from the jump, hoe  
Pull up in my city talkin' gritty  
Hoes gum bumpin'  
Get cho bitch ass up  
Swingin' leave him leakin'

I be fiendin', leave a fuck nigga eye swole  
Beatin' a nigga ass, I'll be swingin' like I'm Flash  
Then I dash to get to fuckin' the 5-0  
Where you at fuck nigga?  
Where the fuck you at hoe?  
You was talkin' tough all through the web, and now you back down  
I can smell yo pussy from the distance, like a bloodhound  
You raised by some bitches, I came up and out that dog pound

So where you at, where you at, (say) where you at bitch?  
Where you at, where you at, where you at bitch?  
Where you at, (say) where you at, where you at bitch?  
Where you at, where you at, where you at bitch?

Break a nigga face when I unleash the pain  
Bones shatter like a muhfuckin' glass plate  
Backhand his bitch, had him sewn up and stitched  
I don't fuck with the slut, ain't my taste  
Dropkick a nigga out the ozone  
Yung Xen, aka "One Punch Man"  
One hit, one swing, one clenched fist  
One dumb-fuck punk with a death wish  
One man, one dream, one mindset  
Achieve success and nothin' less  
In the way, get crushed, get stomped  
Get dumped in the back of the Cadillac trunk  
Talked shit when he lit, so he never came down  
Fuck nigga got layed out  
Rest in piss, I flicked the switch  
And had the bitch sent back where he came from

Where you at bitch  
Where you at, where you at

We don't do eye for eye, nigga  
We don't do eye for eye, nigga  
We don't do eye for eye, nigga  
We don't do eye for eye, nigga

We don't be eye for eye, nigga  
We don't be eye for eye, nigga
