

# September

Cranes

If you just  
If you just hold on to me  
It would make me happy  
If you just hold on to me  
I won't feel so empty  
With our eyes closed tightly  
Just as close as we can be

Like a rainbow made just for me  
Oh, these times were precious to me

We would build these happy things  
I'd close my eyes and make believe  
Like in summer, all the leaves  
Blew and all would fall down the stream

Over-running before the fall  
And I can't feel  
And I can't sleep  
And I can't hear  
And I can't see

And if I never feel again  
And if this is truly the end  
Then you better say goodbye

But I loved you  
Just wanted you to know  
I'm so sorry I never told you so

I've loved you  
Just wanted you to know  
So sorry I never told you so
