

## To Be

Cranes

Time again  
There's time my friend  
And time will never end

You'll be free my love  
You'll be free my love  
Do you see our love?  
Do you see our love?

Oh, honey, honey  
Honey, honey

Can you see our love?  
Do you feel our love?  
To be free my love  
To be free my love

Can you feel our love?  
Can you feel our love?  
I can feel your love  
I can feel your love
