

You open up your eyes,
I open my eyes and things seem clear
I start to realise the things I need are now so near
It's only when you feel
These moments can be real
It's only when you feel
These moments can be real

I really want to change the way I think, the way that I live
I know I've got a lot more stuff inside me that I can give
Been searching for a way to reach the day, move in a new mode
Somehow I'll find the strength to start again, walk in a new road.
It's all in your hands, it's all in your heart,
It's all in your hands, it's all in your heart,
