

New Heart

Crash Adams

Call the doctor, page the nurse
'Cause the pain is getting worse
All the sleepless nights, I'm tired of suffering
Like I've been

I tried medicine, I tried therapy
I tried somebody else for a couple weeks
Now I know why it's been so hard to breathe
Yeah, I need

I need a new heart, a new heart
That doesn't know who you are, who you are
'Cause this one's broken in two all because of what you did to me
Can't feel it beat, beat, beat
I need a new heart, a new heart
That doesn't know who you are, who you are
'Cause this one's black, and it's blue, and it's not over you, baby
Can't feel it beat, beat, beat

All the letdowns, all the stress
Burned a hole inside my chest
Now the days go by, it's just me and my regrets
Nothing's left

I tried medicine, I tried therapy
I tried somebody else for a couple weeks
Now I know why it's been so hard to breathe
Yeah, I need

I need a new heart, a new heart
That doesn't know who you are, who you are
'Cause this one's broken in two all because of what you did to me
Can't feel it beat, beat, beat
I need a new heart, a new heart
That doesn't know who you are, who you are
'Cause this one's black, and it's blue, and it's not over you, baby
Can't feel it beat, beat, beat

New heart, I-I-I need a new heart, new heart
I-I-I need a new heart, new heart
I-I-I need it, baby
Can't feel it beat, beat, beat

I tried medicine, I tried therapy
I tried somebody else for a couple weeks
Now I know why it's been so hard to breathe
Yeah, I need

I need a new heart, a new heart
That doesn't know who you are, who you are
'Cause this one's broken in two all because of what you did to me
Can't feel it beat, beat, beat
I need a new heart, a new heart
That doesn't know who you are, who you are
'Cause this one's black, and it's blue, and it's not over you, baby
Can't feel it beat, beat, beat
