

# Optimist

Crash Adams

It's sunny here in the valley  
But it's pouring rain in your dreams  
Maybe there's something in the water making them feel out of reach

When you're way down  
And it's dark out  
And it feels like no one's there with you you're wrong  
Cause I've been here all along

And when the roof caves in and you're stuck in the moment  
But the world keeps spinning around  
I'll be with you for all of it  
I'd rather be an optimist  
And if you lose your hope  
I know the feeling when the world keeps counting you out  
I'll never let you fall for it  
I'd rather be an optimist

You don't have to rush to get there  
Don't be afraid to ask for help  
If you stand up tall  
You can break the walls  
That you built up around yourself

If you're way down  
And it's dark out  
And it feels like no one's there with you you're wrong  
Cause I've been here all along

And when the roof caves in and you're stuck in the moment  
But the world keeps spinning around  
I'll be with you for all of it  
I'd rather be an optimist  
And if you lose your hope  
I know the feeling when the world keeps counting you out  
I'll never let you fall for it  
I'd rather be an optimist

I'd rather be a glass half full type of guy  
I'd rather have the good days stuck on my mind  
I'll be with you for all of it  
I'd rather be an optimist

I'd rather be a glass half full type of guy  
I'd rather have the good days stuck on my mind  
I'll be with you for all of it  
I'd rather be an optimist
