

Inside Upside Down

Crash Kings

Doin' your thing
Never ashamed
No one ever tells you "No"
Not in this game
Makin' the rounds
Fakin' a kiss
In a place like this

Come inside and take a seat
Uninformed and incomplete
Hangin' on for something more
Give 'em more

Fueled by the dreams of Americans
Gimme all you've got right now
So consumed by this paranoid arrogance
Turns me inside upside down

Standin' in line
Give 'em a smile
If you got it then you go that extra mile
Makin' the rounds
Fakin' a kiss
In a place like this

Come inside and take a seat
Uninformed and incomplete
Hangin' on for something more
Give 'em more

Fueled by the dreams of Americans
Gimme all you've got right now
So consumed by this paranoid arrogance
Turns me inside out

They take you for a ride
So
Baby this is real life
They take you by surprise
So
There's nothin' like a real fire

Fueled by the dreams of Americans
Gimme all you've got right now
So consumed by this paranoid arrogance
Turns me inside upside down
