

My PussyCat and Me

Crash Test Dummies

You can take my Cadillac
You can have all my guitars
All [?] is yours
You'll find it in my bar

But you can't have my pussycat, no
You can't have my pussycat
She's all mine
Can't you see
It's just my pussycat and me

You can stop me at the causeway
You can put me in jail
You can set a price on my head
Bigger than the cost of my bail

But you can't have my pussycat, no
You can't have my pussycat
She's all mine
Can't you see
It's just my pussycat and me

You can smoke my cigarettes
You can drink my drinks
You can take away everything
Well, you can have the kitchen sink

But you can't have my pussycat, no
You can't have my pussycat
She's all mine
Can't you see
It's just my pussycat and me

You can have my ocean view
You can laugh right in my face
You can banish me from [unknown]
Well, you can shoot me out in space

But you can't have my pussycat, no
You can't have my pussycat
She's all mine
Can't you see
It's just my pussycat and me

She's all mine
Can't you see
It's just my pussycat and me
