

Take a Chance

Crash The System

Only you, share my vision
My destiny, it's deja vu
Me and you, yeah you know cause you've
Seen it too, yeah

There's a hunger deep in my heart
Tell me tonight

Let's take a chance, when morning comes
I'll be there beside you
Give me your hand and don't let go
'Cause love will find us

Only you, can make me feel
The way you do
My deja vu, yeah you know
'Cause you've seen it too, yeah
