

# Darker Minds

Crashdiët

As I walk on through these times  
We've been left to realize  
Played by two turned all around  
And your stories to be told unkind  
Live in darker minds I'm seeing the signs

And you're makin' me lose my  
No reason to ask why  
Been livin' so sweet and sound  
With a darker mind  
All I needed ain't no more  
Turn back unsure  
Just be mine, be fine  
In a darker mind

Set in stone your words defined  
Just a feelin' left to hide  
Is it over you and I  
Turning pages wasn't meant for me  
Cold and empty but I'm tryin' to be

And you're makin' me lose my  
No reason to ask why  
Been livin' so sweet and sound  
With a darker mind  
All I needed ain't no more  
Turn back unsure  
Just be mine, be fine  
In a darker mind

Lose my  
Ask why  
Lose my  
Ask why

And you're makin' me lose my  
No reason to ask why  
Been livin' so sweet and sound  
With a darker mind  
All I needed ain't no more  
Turn back unsure  
Just be mine, be fine  
In a darker mind

And you're makin' me lose my  
No reason to ask why  
Been livin' so sweet and sound  
With a darker mind  
All I needed ain't no more  
Turn back unsure  
Just be mine, be fine  
In a darker mind
