

# No Man's Land

Crashdiet

Let it be strange  
It's the sign of the times and the ways  
Through the fire and now we are here  
Just a matter of what we've become  
And the trials of the one

No reason why  
It's a story you won't leave behind  
Let it down and it burns the ground  
You'll be smiling and I'll be just here  
No more reasons to fear

No man's land  
Just a road leading  
Straight to Hell  
I was locked inside a  
Mental cell  
And you know that I would  
Never be looking back no  
Never to return again

Falling behind  
I can feel all the anger inside  
Just a stranger without any lead  
Cut me sideways and watching me bleed  
By the hands of the greed

Strange as it seems  
Made a man of the heart on the sleeve  
Supernova, I'm flying away  
Shooting star and I'm painting the skies  
With the lies and the why's

No man's land  
Just a road leading  
Straight to Hell  
I was locked inside a  
Mental cell  
And you know that I would  
Never be looking back no  
Never to return again

Let it be strange  
Let it shine and just give it away  
Let me down and you'll be on your way  
Let us live in the times and the ways  
Let us die with a praise

No man's land  
Just a road leading  
Straight to Hell  
I was locked inside a  
Mental cell  
And you know that I would  
Never be looking back no  
Never to return again
