

Unbroken

Crashdiet

Lost track in the search for gold
No signs, just an endless storm
I faced all my deepest fears
Never turnin' back
Hyped up, dancin' in the dark
Wound up, the devil leaves the mark
Bound up, fed upon your hate
Never turnin' back

Time is running out, it's hard to breathe
Break the surface with an endless scream

Free
I'm gonna rip your heart in two
I got a better choice than you
No matter where I turn, I stand unbroken
I wanna be somebody new
I wanna leave, but not with you
No matter where I turn, I stand unbroken

A shot of hate and misery
Break out from this treachery
Bow down to the king of all
See the shift in line
Let loose with sensibility
Let go and be a man you see
Shut up, I'm losing all control
Never turnin' back

Time is running out, it's hard to breathe
Break the surface with an endless scream

Free
I'm gonna rip your heart in two
I got a better choice than you
No matter where I turn, I stand unbroken
I wanna be somebody new
I wanna leave, but not with you
No matter where I turn, I stand unbroken

Through the fires we will stand unbroken
Like a second comin', words unspoken
Through the fires we will stand unbroken
Like a second comin', words unspoken

Free
I'm gonna rip your heart in two
I got a better choice than you
No matter where I turn, I stand unbroken
Free

I'm gonna rip your heart in two
I got a better choice than you
No matter where I turn, I stand unbroken
I wanna be somebody new
I wanna leave, but not with you
No matter where I turn, I stand unbroken
