

# Boogie Woogie

Cravity

Take my hand and grab my hips  
Swing around and turn your wrist  
Lean back babe and let me lead  
A little Boogie Woogie is all we need

Hold me tight don't lose your grip  
Sometimes you just need a twist  
Just lean back babe and let me lead  
A little Boogie Woogie is all we need

Follow me, follow me to the sunrise  
Bullseye, slam dunk, you're the first prize  
The way I feel, when with you, it's a first time  
That's what I like, that's what I like, yeah yeah

Cherry pie, diet coke, salty french fries  
You got all that I want, I'm on cloud nine  
The chemicals are going crazy in my mi-nd  
That's what I like, that's what I like, yeah yeah

Come on now (Come on now)  
Don't stop now (Don't stop now)  
Come on now (Come on now)  
(A little Boogie Woogie is all we need)

Take my hand and grab my hips  
Swing around and turn your wrist  
Lean back babe and let me lead  
A little Boogie Woogie is all we need

Hold me tight don't lose your grip  
Sometimes you just need a twist  
Just lean back babe and let me lead  
A little Boogie Woogie is all we need

We go left, we go right, we go high up  
Come on let me take you for a ride we be close up  
Lean back, relax, with your eyes shut  
That's what I like, that's what I like, yeah yeah

We go up, we go down, we go wild now  
Boom boom boom to the beat and the bass line  
No stress, say yes, it's a home run  
That's what I like, that's what I like, yeah yeah

Come on now (Come on now)  
Don't stop now (Don't stop now)  
Come on now (Come on now)  
(A little Boogie Woogie is all we need)

Take my hand and grab my hips  
Swing around and turn your wrist  
Lean back babe and let me lead  
A little Boogie Woogie is all we need

Hold me tight don't lose your grip  
Sometimes you just need a twist

Just lean back babe and let me lead  
A little Boogie Woogie is all we need

A little Boogie Woogie is all we need

A little Boogie Woogie is all we need  
A little Boogie Woogie is all we need  
A little Boogie Woogie is all we need  
A little Boogie Woogie is all we need  
A little Boogie Woogie is all we need  
A little Boogie Woogie is all we need

Take my hand and grab my hips  
Swing around and turn your wrist  
Lean back babe and let me lead
